

W.UDARA NETHMI

Software Engineering Undergraduate

ABOUT ME

I am a Motivated Software Engineering undergraduate with hands-on experience in software development, web technologies, database management, and software testing. Skilled in building academic and personal projects using Java, JavaScript, MySQL, Unity, Firebase, and AWS cloud services. I am familiar with software testing, manual testing, and automation testing through projects and certifications. A fast learner with strong problem-solving, teamwork, and communication skills, seeking an internship opportunity to further develop technical and industry experience.

EDUCATION

BSc. Hons – Computer Science (Software Engineering)

University of Wolverhampton (UK)
Cinec campus
2024 – Present

Diploma in Digital Marketing

Sri Lanka Institute of Marketing
2025 – Present

AAT Level 1 & Level 2

AAT Sri Lanka

G.C.E. Advanced Level (Commerce)

Anula Vidyalaya, Nugegoda

PROJECTS

Banking System – Java GUI Application

Technologies: Java, OOP (Inheritance, Encapsulation)
Developed a GUI-based banking system for managing customer accounts and transactions.

Coin Math 3D – 3D Educational Math Game

Technologies: Unity, C#
Created a 3D educational game with interactive math challenges and missions.

Cinema Booking System

Technologies: Java, Object-Oriented Programming, JUnit 5
Developed a cinema booking system with reservation management and JUnit 5 testing.

Campus Hub Project

Technologies: MySQL, Database Administration (DBA)
Designed and managed a relational database system for campus-related data.

SKILLS

Programming Languages

- Java
- HTML & CSS
- JavaScript
- SQL
- C#

Frameworks & Platforms

- MySQL
- Firebase
- Akka (Java)
- AWS S3 & AWS Amplify
- Unity

QA & Testing

- Software Testing Fundamentals
- Automation Testing Basics
- Manual Testing
- Bug Tracking & Reporting

Movies Review Web Application

Technologies: HTML, JavaScript, Firebase Firestore
Built a movie review web application with real-time database integration.

Distributed Banking Simulation

Technologies: Java, Akka Actors
Created a distributed banking simulation using the Akka Actor framework.

AWS Static Website Deployment

Technologies: AWS S3, AWS Amplify, HTML
Deployed and managed a static website using AWS cloud services.

Simple Shop E-Commerce Website

Technologies: HTML, CSS, JavaScript
Developed a basic e-commerce website with shopping cart functionality using localStorage.

CERTIFICATES

- Introduction to Software Testing– Simplilearn
- Automation Testing Basics– Simplilearn
- Software Testing with Generative AI – Simplilearn
- Google Ads Search Certification
- Google Ads Display Certification
- Google Ads Video Certification
- Google Ads Creative Certification

Core Concepts

- Object-Oriented Programming (OOP)
- Database Design & Management
- Cloud Deployment Basics

SOFT SKILLS

- Problem Solving
- Teamwork & Collaboration
- Communication Skills
- Time Management
- Adaptability
- Attention to Detail
- Continuous Learning

LANGUAGES

- English
- Sinhala
